

# PACE CENTER GET INVOLVED GUIDE

Dive into our community through volunteering, activism, advocacy, and leadership with our four main programs and the projects they support: Civic Leadership Council, Community House, Princeton Advocacy and Activism Student Organizations, and Student Volunteers Council. Whether you volunteer, lead, become a paid fellow, start a project, or join our workshops and events, there's a place for you to make an impact. Here are projects, groups, and organizations grouped by topic so it's easy to follow your passion!
